

Biotix[®] uTIP[™]
Universal Pipette Tips

Biotix[®]

Manual Pipette Tips

Because your data quality matters, your tips matter.

Discover the benefits of using the most advanced tips available.

Perfect Fit

FlexFit[®] technology is a flexible proximal end that requires less insertion and ejection forces, reducing the risk of repetitive stress injuries while providing a secure seal.

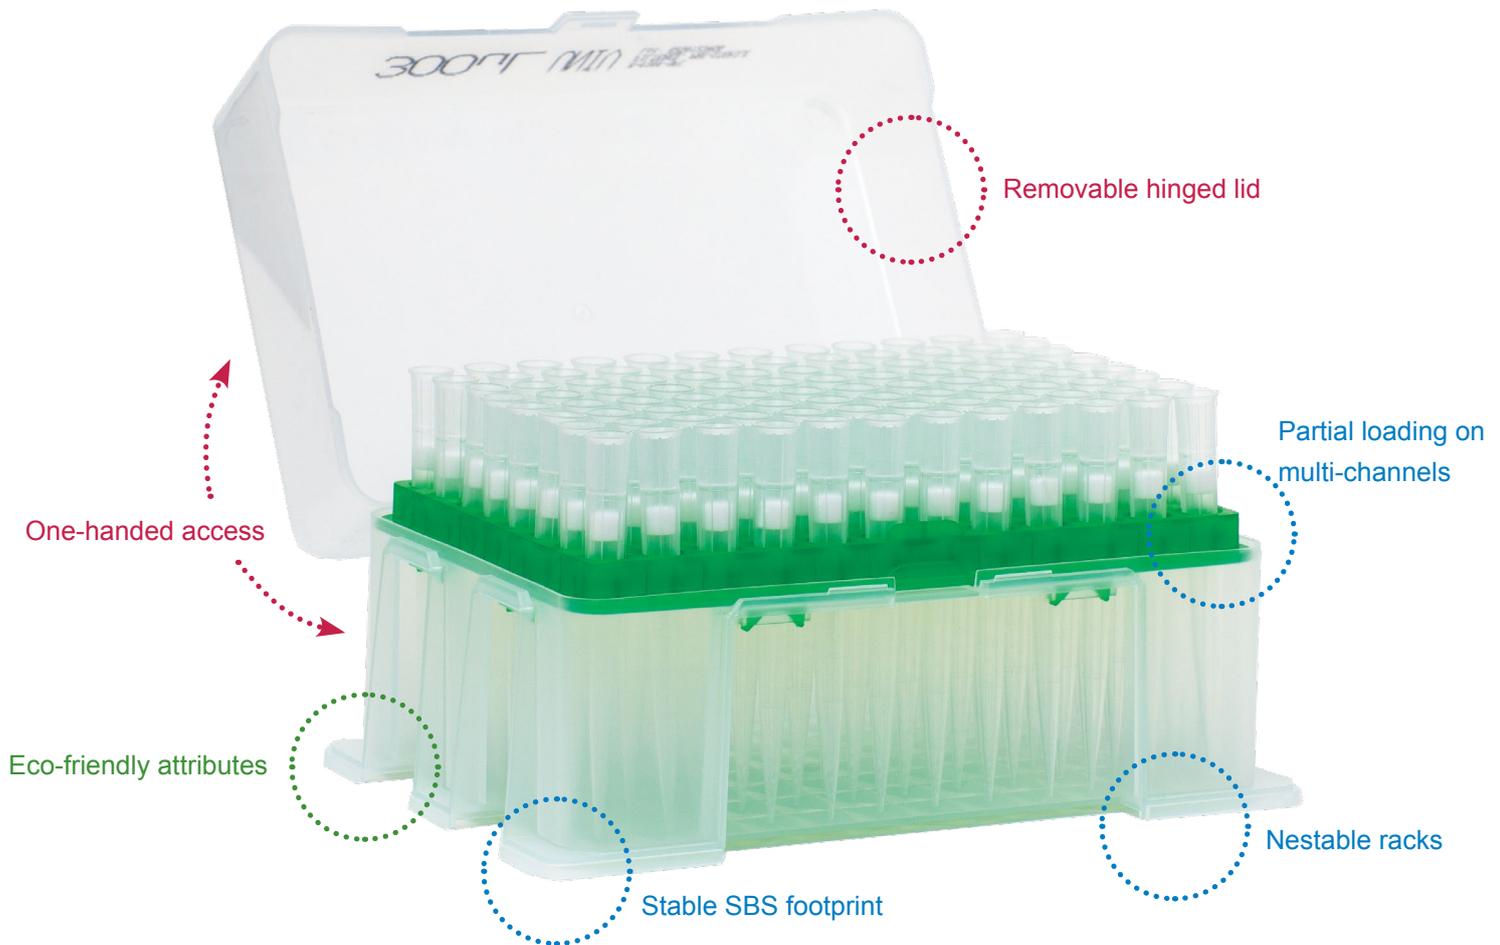

Clean Delivery

X-Resin[®] is our proprietary resin that is proven to reduce sample retention resulting in improved accuracy.

Blade[®] technology lowers the chance of hanging droplet formation by optimizing surface area at the distal end of the tip saving you time with each draw while improving precision.

Rack Innovation by Biotix®

35% less plastic than other leading brands.

Convenience

Removable hinged lid

Clear rack and color-coded snap cards for easy identification

Autoclavable up to 100 times

Eco-friendly Attributes

Less plastic than competitor racks

100% recyclable

Reusable rack base as a manual/automation 96-well reservoir

Superior Stability and Functionality

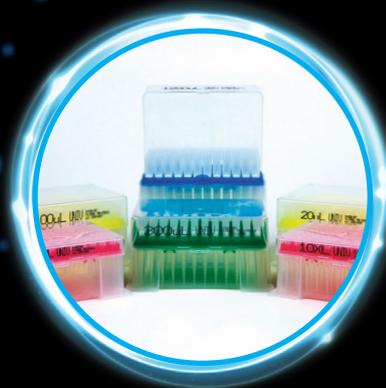

Snapcard designed for multi-channel pipetting

Nestable racks for safe and easy stacking and transport

Superior stable SBS footprint for secure pipette tip loading

Biotix® *uTIP*™ Filter Tips

Protect your work from the risk of contamination with filter tips. All Biotix *uTIP* Filter Tips include the patented X-Resin®, FlexFit®, and Blade® technologies for increased pipetting accuracy and precision while providing a superior aerosol barrier.

BIOTIX <i>uTIP</i> FILTER TIPS	BIOTIX CATALOG NUMBER	TIP TYPE	STERILE	PACKAGING

	M-1250-9SC96		Yes	4 packs/case

Biotix® CleanPak™ Reload for *uTIP*™ Non-Filter Tips

CleanPak™ is a high quality sealed reload system priced to fit a tight budget. CleanPak™ reduces contamination concerns around the dust and paper fragments often found in traditional cardboard packaged reloads. With CleanPak™, the easy to transfer reloads come in color-coded snapcards that can easily be identified through the clear, re-sealable and recyclable plastic bag. CleanPak™ reloads are available in both sterile and non-sterile options.
