MACHEREY-NAGEL

## Plasmid & Clean-up Promotion

High purity DNA isolation

- Kits for transfection-grade and endotoxin-free plasmid DNA purification
- NEW! NucleoSpin® Gel and PCR Clean-ups XS
- Multiple automation options with support upon request

# Save on Pipettes!

eppendorf

## Xplorer & Xplorer plus Single-, 8-, and 12-Channel Pipettes

The Eppendorf Xplorer electronic pipettes are single-, 8-, 12-, 16- and 24-channel pipettes designed to aspirate and dispense liquid volumes from 0.5 µL to 10 mL while eliminating many of the potential error risks associated with manual pipetting.

### Features of Xplorer and Xplorer plus

- Autodispense
- Dispense
- Pipetting
- Pipetting and mixing
- Manual pipetting
- Multi-aspirate (Xplorer plus only)
- Dilution (Xplorer plus only)
- Sequential pipetting (Xplorer plus only)
- Sequential dispensing (Xplorer plus only)
- Reverse pipetting (Xplorer plus only)

## Accelerate Your Research

Spin the smart way with your NEW Centrifuge 5910 Ri

The new refrigerated benchtop Centrifuge 5910 Ri stands out for its ease of use and versatility!

The large 7-inch VisioNize® touch interface with an intuitive user experience provides fast and error-free operation, ensuring efficient and reproducible runs. Additionally, the documentation function and unique user management support your quality control with multiple authorisation levels, password protection, and documentation of all runs and user activities.

Together with a comprehensive portfolio of fixed-angle and swing-bucket rotors, this centrifuge accommodates a particularly broad spectrum of applications, making it the perfect choice for multiuser labs with diverse requirements.
